①Lecture at the LA Next Generation Empowerment Workshop ②Backyard barbecue party

The Los Angeles Family Church held a Next Generation Empowerment Workshop for young adults on March 15. This event was organized with the goal of uniting with True Mother and enhancing understanding of current activities, including the Cheon Won Gung providence, with 45 young adults participating, including 4 new members.

Pastor Joshua Holmes of the Los Angeles Family Church helped young adults become closer to True Mother in heart through four sessions: 'True Mother's Heart,' 'The Essence of True Parents,' 'The Theory of Restoration,' and 'Responsibility of the Next Generation.' During the one-day schedule, he led participants to find solutions by answering their personal questions through several Q and A sessions.

In the evening, participants enjoyed time together with a DIY Korean-style barbecue in the backyard of the church building.
