WHY WE NEED A NEW TRUTH

Although our scientific knowledge has moved forward quite rapidly, science alone cannot provide satisfying answers to the fundamental questions of life. Neither can traditional religious teachings. A truth more comprehensive in its outlook is needed. We believe the Unification Principle is such a teaching.

THE ORIGIN OF EVIL

At the core of the Principle is a clear explanation of the root of man's unhappiness—his separation from God. Knowing how and why this separation occurred enables an individual to cope with the conflicts he finds in himself. Also, it gives us the understanding needed to resolve conflicts within marriage, within society at large, and ultimately among nations.

DAWN OF A NEW DAY

Though there is much confusion and turmoil in the world, some people have found hope in the vision of the Unification Principle. A world in which man CAN cope with his problems. Will you help us make this world a reality?
