

A View Of The Providence Leading Up To 2020  
By Laurence Baer, New Hope Family Church 10-7-18

Guys – Seriously! Take good care of your wives! Someday you might need an intro.

So today's topic is so huge, so all encompassing, so vital, that we're going to need a LOT of input to get our arms and our heads around it.

This is not going to be your grandmother's sermon! (Actually in a way, it is My grandmothers sermon – but I digress).

Would you like to hear from True Father?

We're going to hear from True Mother?

How about from God HIMSELF?

And the Spirit world?

And History?

We can't leave out Congress!

Or Hollywood!

Or the Whitehouse!

Or corporate America? (Well they have a little cameo)  
Anyway. Strap yourselves in, because New Hope Family Church delivers!

Good Morning. It's a real honor to be here. I served as the director of the Maryland Church for nearly three years, and together with Susan Fefferman, and Henri Schauffler and a few others, we launched the Elders Board and the church under its current configuration. But I was never a pastor, and in fact the only real sermon I ever gave was at New Hope Academy on March 19<sup>th</sup>, 2000. So I'm either very rusty, or I have a lot of good stuff stored up. Or both. But I do have a great deal I'd like to share so let's jump straight into it.

My humble and unassuming topic is: "A View of the Providence Leading up to 2020"

## **A View of the Providence Leading up to 2020**

I'd like to start with two readings:

The first is from a speech by True Father in 1976.

### **THE DAY OF THE VICTORY OF HEAVEN**

Rev. Sun Myung Moon

October 4, 1976

God chose America to be His foothold or foundation. Taking the position of the Roman Empire of 2,000 years ago, America was to have been God's sanctuary. ... Meanwhile, God chose Korea to fulfill the same role as Israel of 2,000 years ago. Together America and Korea are to consummate human history. ... America cannot abandon Korea.

The second is a bit longer and is from a speech by True Mother in 1992.

### **The Central Role of Women in the Ideal World**

Mrs. Hak Ja Han Moon, President, WFWP

August 23, 1992

The northern and southern halves of the Korean Peninsula today represent the fruits of the seeds of good and evil, separated from each other, and sown in the forms of Cain and Abel, following the fall of the original human ancestors. That is, the communism of North Korea is the fruit of all Cain-type philosophies and systems throughout history.

North Korea has established itself as an atheistic communist state that denies religious value systems. It is a microcosm of the communist world. On the other hand, South Korea is the fruit of all Abel-type philosophies and systems throughout history. It is the country where religion thrives most in the world, and it stands in a position to represent the free world.

Thus, the Korean Peninsula is a microcosm of the world separated between good and evil, with South Korea on the side of good, and North Korea on the side of evil set against each other in one final battle. Thus, the unification of the Korean peninsula is the key to world peace and unification.

Korean unification is not merely a political event or task. Korean unification holds providential and historical significance as an important step toward accomplishing God's final goal to bring about an ideal world. It is a three-dimensional task, involving the numerous spirit men who have passed through this physical world.

Today we see divisions, fighting & conflict, and injustice sadly still rampant around the world. In the Middle East, we are still embroiled in the longest war of our nations' history. Here in America, we are more polarized as a nation than we have ever been. The establishment of the United Nations has not solved the situation. The end of the cold war and the fall of the Berlin Wall have not solved the situation. Unless this conflict is resolved, in its root, ... in its core, it will never be solved anywhere. While few world leaders understand it, the Unification of the Korean Peninsula is the key to world peace.

I turned 66 on August 28<sup>th</sup>.

Three years earlier on my 63<sup>rd</sup> Birthday, God gave me a wonderful and totally unexpected present.

For about the last 7 or 8 years, every day, before breakfast, I have been doing my morning prayers –usually 40 or 45 minutes or so. You might ask, “How have I found the discipline to stick with it?” Easy. I made a pledge not to eat until I've finished my prayer each day. That prayer quickly became very important to me!

On August 28, 2015, I followed my routine as usual. I finished my prayer, and then suddenly, before I could get up, I saw my entire life flash before my eyes. It was quite remarkable. My life was divided into three 21 year courses, and each of those were divided into three 7 year courses, and I clearly understood the significance of each 7 year course.

Then this vision focused in on the three year period between 1994 and 1997. That was the most difficult three year period in our family. At the end of that three year period, we started the holy wine blessing providence. As community leader for Laurel, I prayed for guidance on how to help the families in my community achieve their blessing goals. I got inspired to meet with the general manager at BWI airport. I explained what we wanted to do, and he said, I have only one table here that we offer to outside groups. Right now it is being used by a group of Iranians, but I think they are terrorists. Please take it!

We quickly finished our blessings and I helped approximately 40 families complete theirs as well. That was 21 years ago.

One of the families I helped was the Salonens, and shortly after that Neil Salonen hired me as his executive assistant for Blessings 97,98,99 and 2000. I also became the Director of Family Federation for DC. It was like a Joseph experience – going from prison to the prime minister. In my vision, God told me very clearly, that the reason I struggled so much between 1994 and 1997 was because it was the first three years of my 3<sup>rd</sup> 21 Year course. But once I established that victorious foundation, I could receive great blessings and spiritual support during the next 4 years.

And indeed that happened.

Then, still in this vision, God said, “And that’s what True Parents had to go through, when Father went to the Spirit World”.

Wow ... Wow. My one and only spiritual revelation over 66 years.

My 1<sup>st</sup> takeaway - God DEFINITELY works through numbers.

That whole experience probably lasted for 1 minute, but it gave me a huge paradigm shift in my understanding of the Providence. From 2013 – 2016 our movement went through a very difficult time. These were the first three years of Father’s providence in the Spirit World. Both Father and Mother had to lay a three year foundation. I believe that Father had to take charge and clean up the entire spirit world. He had to unify the spirit world. And he had to focus and mobilize the entire spirit world.

Believe me, he definitely wasn’t just kicking back, floating on clouds like in the Philadelphia Cream Cheese Commercials.

**NOT!**

What about True Mother? I found a speech by Won Ju McDevitt, which I google-translated from the original French. It contained this statement.

Slide

“After the universal Seonghwa of True Father, **in place of mankind**, True Mother gave three years of grief and contemplation (侍墓精誠) and we gave the hyo jeong as the light of the world and hoped that we would be the hope of the world.

Wonju McDevitt, September 10, 2017, Cheongpyeong Training Center

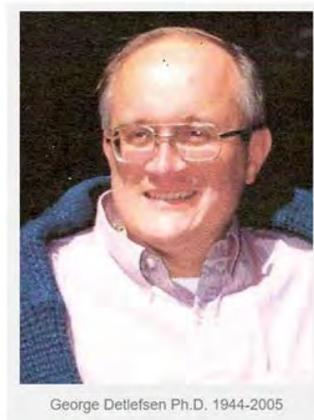

Both True Father and True Mother laid foundations at the beginning of this new course. Then, for the next 4 years leading up to 2020, God could mobilize great spiritual resources to achieve a victory in the Providence.

OK. That was a long explanation of a 1 minute spiritual experience.

Flash back.

In 2005, one of my first spiritual children, Dr. George Detlefsen, died, after a long fight with dementia. Some of you may have known him.

Slide

George was a brilliant early computer scientist at GE who later became a professor at Berkeley. He automated factories for General Motors, and oversaw the digitalization of all the images for the Hubble Space Telescope. I have visited his grave at Fort Lincoln every year on Nov. 20 since his passing.

He is brilliant, and he's a big picture guy, and I put a heck of a lot of stock in his opinions.

In 2012, we liberated 210 generations of our ancestors and organized them into ancestral committees. As overall co-chairmen, we appointed my grandmother, Muriel's grandmother, and Rabbi Gamaliel, from Jesus's time, whom we had liberated when Andrew Wilson sent out a request for families to liberate historic Jewish figures. I appointed George Detlefsen to serve as the Senior Advisor to the Three Overall Co-chairmen, to insure that each committee is focused on the highest goodness from God and True Parents' point of view.

Here's a copy of our committee structures:

- **Coordinating Committee/ Angel Management & Allocation**
- **Connecting To TP And Spiritual Nourishment**
- **Personal Integrity**
- **Pure Love Relationships/Blessing/True Parents' Tradition**
- **Raising and Protecting Children**
- **Faith, Hope, Positive Attitude, Enthusiasm**
- **Acts Of Kindness And Generosity**
- **Victorious Seung Hwa**
- **Health & Fitness Lifestyle**
- **Safety, Security, Protection (Physical and Spiritual)**
- **Providential**
- **Business And Financial Management**
- **Organization, Time Management, Neatness, And Accountability**
- **Education And Career Development**
- **Artistic And Creative Development**
- **Love And Appreciation Of The Creation**
- **Family And Community Relationships**
- **Relationships With Spiritual Children & Their Families**
- **Relationships With Extended Family**
- **Relationships With In Law Families**
- **House Restoration (Including Raising Funds)**
- **Ancestral Liberation**

I keep a list of instructions, committee by committee, in my desk at all times. But until recently, I had never had any feedback from those committees. In particular, I was very interested to hear about a number of providential projects that I am trying to initiate, and for which I have been expecting significant spiritual support.

Three weeks ago, Muriel and I attended a talk by Claire Daugherty in Virginia, about angels. Later that afternoon, we had a private reading with Claire, whom I discovered to be a very gifted medium. I'd like to play you a few clips from that reading.

Are you interested? First – this is to set the stage.

I see this big boardroom table and a beautiful mahogany table. Everybody's filing in. They've all got their folders and they're taking seats and some people are dressed in business attire. Everybody shows themselves as young even though they might have been 80 or 90 when they died. They're all - you know the women are in very smart, up to date, business suits. Very fashionable, very professional.

By this time, I was pretty excited to see how serious our committee leadership is. In this next section, I asked George about how to work more effectively with our ancestral committees. This section runs for 10 minutes.

Audio Clip with text showing on the screen in multiple slides

My first question to George - and the other chairmen can help - is, you know, what can I do in terms of the way these committees are organized to be more effective? And, you know, my hope is that this can create a model that can be duplicated with other families and they could really take the cooperation between the spirit world and the physical world to a whole new level. But this is kind of like a proof of concept and I want to know - this is the first chance I've had to get any feedback. You know, what can I do? Is it working perfectly or are there things that I could do to improve?

Listen to your momma. He's saying listen to your momma. He's talking about True Mother. Follow the Holy Spirit. That's who True Mother is, she's the Holy Spirit.

And you know I see you with like a tray, with little holy wine cups. He's saying "go out and feed my sheep" (he's not saying HIS sheep).

Your mom is saying "feed my sheep, feed my lambs".

LB: Go ahead and do blessings?

CD: Yeah. He said you guys don't get it. But the Holy Wine has - it's like the healing - it's medicine. It's healing. It has a vibration that will subtly but definitely it ever so slightly will change people's DNA. Now do you remember from high school geometry, you know, how you can measure an angle? One degree is almost invisible - but as it keeps moving out moving out moving out eventually it becomes huge. He said that's what the blessing is. Whether people know what they're getting or not it doesn't matter at this point. There's enough foundation that just by everybody just listening to Momma and just do what she says you know when your kids were little and they say oh why do I have to do that. And you say because I say so. It's good enough. She's in touch with higher realms and this will change things. This will change things and the more people that have this antidote in their system the better.

And some of them it's going to stop with them some of them will never have children. Some of them will never be instructed in the new understanding of ancient truth. There is no new truth, there's truth. And it's been expressed, like I've said, in many different ways. But I see with this, you know, it's a stainless steel tray. It's nothing fancy, and there are little plastic cups with the holy juice. And it says give it to anybody who will take it. And we will help. We will bring the right people and, you know, lots of them will come and go, they'll come and go, come and go.. BUT, SOME of them, just like YOU were really prepared. There are others that have been waiting to meet you their whole lives. Those are the ones you're looking for. They're all important but some will come forward and I see them like bigger than the rest. There are some big fish out there that you need to find and they will be able to be educated and learn and understand what they've been given and they in turn will go out. You need new spokespeople. You guys have only been able to go as far as you have and quite honestly if we look we haven't been all that effective, have we? We've got some things done, but not nearly what we hoped to in our lifetime, right? Most of us - our kids are not following us.

You know, a few, there are a few here and there but in general our children are not interested in this. You know the few here and there but more are leaving than are staying and that's because we couldn't get far enough. BUT, if you can find these big fish out there - these people that are prepared they will take the ball and run and they'll go much farther than you ever could go, and they'll do it in your lifetime. And you'll be like coaches for them you'll mentor them you'll teach them you'll raise them up internally. But they are much younger. They're very gifted, and they have resources that you don't have access to. Now, what are those resources? Well money for one - they have a lot more money. Education, connections, tech - they know how to maximize the use of technology and they will be able to get the message out to their peers and their colleagues very effectively because they will experience - just as you did when you met the True Parents - you experienced life transformation didn't you?

LB: HmHm.

CD: And they will get that. They will experience that. Maybe one in a hundred. Maybe one in five hundred. Maybe if you do your 430 one of them will stand out. Or maybe it'll be two or three. But these are the people you've been looking for. These are the ones that you can pass the torch on to. But instead of just carrying the torch they're going to burn the whole place down. Burn away - like clearing the land, like slash and burn. We tend to think of that in negative terms. But it sure beats cutting the trees down one by one. You know we have a negative association because they're clearing out virgin forest. You know they're decimating the Amazon but actually slash and burn as a way of clearing land. It's highly efficient. It's very efficient actually, and it nourishes ground.

So they will take that torch, you know, so far you've been carrying the torch and keeping the fire burning but they're going apply - do you follow me? And they're going to really get the job done and they're going to really, as you all are on your way to the spirit world, lots of us have already transitioned and within the next 20 years most of you are going to be on this side with us. Even within the next ten years a lot of you are going to check out. So you've got to find these people before you go. And as they transform I don't even want to say the church or the movement.

It's - I'm having trouble finding the vocabulary - as they bring the message out, effectively, powerfully, our kids will follow them. Our kids couldn't follow us - many of our kids - but they will follow these guys because they're more - they're closer - they're close not just because of their age but, and their thinking, but they're more - they're on a similar vibratory level with them. We're like the old model we're like DOS remember DOS before Windows. Yeah. It was OK when there wasn't anything else but we're still, we're still kind of back in the 70s and the 80s. Not really I mean I don't want to sound too harsh. We're still - we were pioneers. Somebody had to do it. We were the pioneers and we laid a foundation we did what we had to do.

We were like the infantry. We went in and we got shot down but we broke through the enemy lines. We did we did something really remarkable. But we can't stop here there's so much more to do and we've got to pass the torch on to the next generation. And these people are by and large are under 40. These people were born - they're about the age of our kids.

And every couple of decades - like new spiritual portals open. And the children that are born after 2000 are much higher - of much finer vibration than our children and the ones

- especially the ones that were born after Father went into the spirit world like the ones born in the past... well Father's only been there for six years but actually it started a little sooner - around 2010. They are wired differently and they are capable of some pretty extraordinary things. So this is like the generation of our grandchildren. But they need leadership and we're not going to be around to provide it and our kids have checked out. So we need to find these young people and they will gather our children back up.

I mean - when I say young people - young in comparison to us. They're not necessarily 17 or 18 or 20 like we were. They could be, you know, 30, 35, 40, but they're younger - considerably younger than us. They're the natural age – if we had married in the prime of life in our mid 20s we would have children this age.

In all honesty, I was not expecting that. I've been working on things which I felt were more important than doing blessings. I felt that anybody could do blessings, but God needed me to focus on my projects. I didn't understand that doing the blessings were the foundation for my own success and that God has prepared amazing people for me to meet, who are the very ones that can help me with my own projects! George elaborated further on that exact point, later on in the session. And I was also fascinated to understand the qualitative changes in each subsequent generation as Heavenly Parents open up new spiritual portals.

Then I asked George about Korean Reunification. This section runs for 5 ½ minutes.

Audio Clip with text showing on the screen in multiple slides

LB: Can I ask if they can shed any light on what True Parents and God are hoping to achieve by 2020.

I mean I've heard different things. I heard that the idea would be a blessing, you know, headed up by Kim Jong Un which will represent the reunification of Korea and the establishment of that as a nation. I've heard different things. But concretely - I'm trying to get my arms around what God is seeking to achieve substantially by 2020.

CD: What I'm hearing is "shift the balance of power". God is trying to get the upper hand.

We do have it already, in a certain sense, but ... do remember when we collected a million signatures for CAUSA?

LB: OK.

CD: And everybody said "What are you going to do with these? Where are they going?" Well the truth is I don't think they went anywhere. They just got bundled up and sent in to headquarters. But by 1 million people signing their name and saying I think communism should come to an end it was moving the spirit world it was shaking the spirit world. And somehow we needed those million as a condition. It's all conditions. So this 430 - everybody's not going to do it. We already know that. But if enough people do it - it symbolizes uniting with the Holy Spirit and allowing the Holy Spirit to work. And like work through us. We become like a like lightning rod. And to go out and to find those people who Heaven has prepared. Many of them will be like - you know in the

Bible there's a parable about the seed falling on good ground - good seed on good ground.

And some of those people will receive the holy wine and that'll be the end of it. Some of them maybe will give us their names and we'll be able to educate them to some extent. And the seed will germinate over time. And then later on they'll reconnect. And some of them, like an acorn. How many how many acorns does one oak tree drop? How many of them ever become oak trees?

So a lot of acorns have to drop and many will start to grow and become little trees and they'll get trampled by animals – but some of them will actually make it. Not very many – but we're trying to shift the balance of power and the Blessing is very important to accomplish that. You know we had to do to fulfill very specific conditions to go to the Blessing and now we're just giving it to anybody that will take it. Of course it's just the holy wine.

But you know if you can get them to do the indemnity stick, great! If you can get them to do a 40 day separation, even better yet! Three day ceremony, now you're talking. But those things can be accomplished with time - but we're changing the vibration of the planet. We really are.

And Korea can be unified in many different ways. We tend to think of things and very literal terms. But sometimes it's a spiritual condition – heartistic condition. And then the actual external can follow. Like Germany. There's only one Germany now. But two Irelands. Isn't that interesting. But there's no more war in Ireland. People have accepted – and you can travel freely over the border. But one group stayed with England and one group is independent. So what a unified Korea will look? Well that remains to be seen. But God has to be welcomed back into North Korea. And the world has to love North Korea, because it is the most isolated and forgotten place on earth. Worse than the third world, because in the third world at least there is faith and some degree of freedom. But in Korea people have been robbed of their dignity as human beings – in North Korea. So they must be liberated. They represent - North Korea represents Satan holding mankind hostage. And just as the Angel went into Peter's prison cell to release him, North Korea has to be released. It's really critical for the coming of the kingdom and already there are many things undermining the very dark system there. Kind of like termites eating away at the foundation. It's going to implode at some point, but we have to be there to catch them so there's not complete destruction.

I was struck by this section. What God seeks, urgently, at this time, is to be able liberate and love the people of North Korea, who represent all mankind and who have been held hostage by Satan. It kind of reminds me of God's heart towards the enslaved Jews in Egypt. ... But even more so.

The DMZ on the 38<sup>th</sup> parallel in Korea represents the dividing line between Good and Evil, and between Democracy and Communism.

Understanding this provides an interesting lens on the last 80 years. True Father and his ideology have stood as the foremost adversary to worldwide communism. He set the example of subjugating Cain with love, by winning the hearts of Kim Il Sung

Father started this providence in 1947, after setting the conditions to indemnify all the providential failures of those who came before him.

Slide:

*... This internal dispensational history that I speak of all took place before 1947; my public ministry began after that year. The 7-year period from 1947 to 1954, the year that the Unification Church was formally established, was the period in which I set physical conditions. The first place I went was North Korea. That 7-year period was truly an incredible time. Having spiritually recovered the qualification for lordship before 1947 I had to set the condition of physical suffering in order to launch my own ministry, as well as the organization that came about in 1954. Those 7 years were a time of incredible suffering...*

*God's Preparation for Our Church, and Its Early Days  
Rev. Sun Myung Moon, May 1, 1977, Tarrytown, New York*

Father was imprisoned in 1948 and sent to HeungNam Labor Camp. In 1950 the United Nations invaded Korea. You can read online how much urgency McArthur felt to recapture Seoul. He landed at Inchon on September 15<sup>th</sup>, 1950, and demanded that his commanders liberate Seoul within 10 days - by September 25<sup>th</sup>. I believe he was feeling God's extreme urgency. The allied forces liberated HeungNam prison camp on October 14<sup>th</sup>, just 19 days later. And they arrived only hours before Father was scheduled to have been executed. Father spent 40 days in Pyongyang looking for his scattered disciples and only then returned to South Korea.

Father succeeded in laying the substantial global foundation for the Victory over Communism on June 7, 1975.

Slide

In 1975, a most important dispensational victory was won in Korea. After the Day of Hope banquet at the Chosun Hotel I went to every major city throughout the Republic of Korea, declaring God's message to tens of thousands of people. It was the most historical evangelical crusade that ever took place in Korea. It was climaxed by the Korean Rally for World Freedom on June 7, on Yoido Island, which was attended by 1.2 million people. At that rally I publicly declared that communism is the enemy of mankind and the enemy of God.

Slide

By attracting world attention and gathering the representatives of 60 nations, the June 7 rally accomplished a physical victory on the worldwide level. On the foundation of all our successes I could expand that substantial victory, and so I returned again to America, this time with a different, heightened mission. My previous mission in America had been on a spiritual level, but in 1975 I came back to America to fulfill a physical mission.

At this same time, between 1947 and 1975, within the US Government, America's foundation and authority to subjugate Communism was gradually diminishing.

During this period, centering on the House Un-American Activities Committee, the battle against communism, the future leadership of America, and the providential work of our movement in the global battle against Communism were all interwoven.

The Standing committee of the House Un-American Activities existed in Congress from 1945 – 1975.

The Fish Committee, which was a precursor to the House Un-American Activities Committee was established in 1930, by Hamilton Fish, who happened to be Alexa Ward's Grandfather. Alexa's husband, Tom Ward helped run CAUSA and Alexa served as President of Women's Federation here in the US.

In 1947, the House Un-American Activities Committee launched hearings on the influence of communism in Hollywood. The first two witnesses were Ronald Reagan & Walt Disney. One went on to become President, and the other's company just bought Fox News. But the pushback against these hearings laid the foundation for the monolithic Hollywood backlash against the right.

In (1948 - 50) the House Un-American Activities Committee held the hearings against two Russian spies: Whittaker Chambers and Alger Hiss respectively. Freshman Congressman Richard Nixon was central in exposing Hiss. As you know Nixon went on to serve as Vice President and ultimately President.

In 1950, In the Senate, Joseph McCarthy launched the infamous McCarthy Hearings, which continued until he was censured by the senate in 1954. In the wake of the downfall of Senator McCarthy, the prestige of the House Un-American Activities Committee began a gradual decline.

In (1960) the much weaker HH-AAC held hearings in San Francisco that spawned the Free Speech movement and radicalization of college campuses, especially in California. The committee lost considerable prestige as the 1960s progressed, increasingly becoming the target of political satirists and the defiance of a new generation of political activists.

In (1969) the HU-ACC was renamed as the House Internal Security Committee, Chaired by Richard Ichord, who later worked closely with our movement and headed up the American Freedom Coalition.

The committee was terminated on January 14, 1975, just a few months before Father's Yoido Island victory.

Father then came back to the US to launch Madison Square Gardens, Yankee Stadium, and Washington Monument Rallies.

"The First 3 years of the third 7 year course". Hmm. Those numbers sure remind me of my revelation.

Some of you may remember the "forgive love and unite" campaign which Father launched in an effort to protect Richard Nixon from impeachment. Here's a statement placed in the New York Times on Nov. 30, 1973.

Slide

Unfortunately he was unsuccessful. What resulted were the Watergate hearings which horribly divided our country.

Slide

Nixon was forced to resign in 1974.

After the success of the Washington Monument campaign, Father was attacked by the left leaning Congressman Donald Fraser, Chairman of the House International Organizations Subcommittee.

Slide

Congressman Donald Fraser questions Dr. Bo Hi Pak

His investigation and hearings lasted from 1977 through 1978, but proved no wrongdoing. Interestingly, the Fraser committee tapped investigators from the Watergate hearings, and it was accused of hiring a virtually totally one-sided, team of investigators.

The tax prosecution of Father followed directly after the failed Fraser hearings.

Rudolph Giuliani - Associate Attorney General

His name was Rudolph Giuliani. He was ambitiously making a political name for himself.

On July 20, 1984 after extended legal battles, Father was imprisoned for more than a year.

A [Senate](#) subcommittee, chaired by Senator [Orrin Hatch](#), conducted its own investigation into Reverend Moon's tax case and published its findings in a report which concluded:

Slide

I do feel strongly, after my subcommittee has carefully and objectively reviewed this case from both sides, that injustice rather than justice has been served. The Moon case sends a strong signal that if one's views are unpopular enough, this country will find a way not to tolerate, but to convict. I don't believe that you or I or anyone else, no matter how innocent, could realistically prevail against the combined forces of our Justice Department and judicial branch in a case such as Reverend Moon's.

Sen. Orrin Hatch

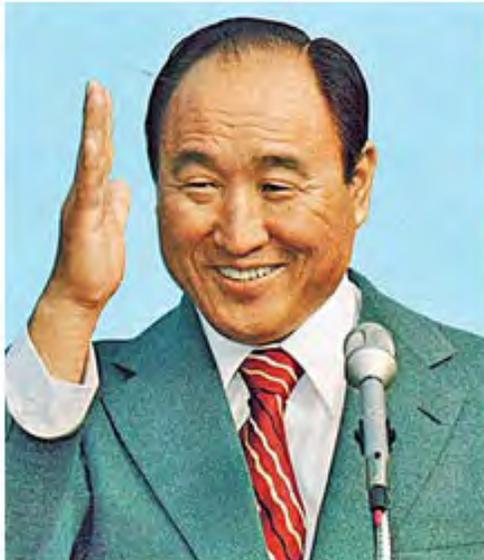

Let's Fast Forward to the present day.

Father completed his 3 year foundation course in the spirit world in 2015. He must have been searching across the whole world to find someone, anyone, who could complete the work he left unfinished. He would surely try to find someone who has a similar character and similar strengths to himself.

- Someone who is extraordinarily resilient and determined.
- Who may have been beaten, but never defeated.
- Someone who is fearless, and not intimidated by anyone.
- Someone with a global vision, capable of building a huge, successful global organization from the bottom up.
- Someone who is not worried about political correctness, but who is absolutely worried about fulfilling his pledge once he has set his mind on something.
- Someone who can relate to everyone, from the lowest to the highest, and touch their hearts.
- Someone who stands up to bullies, but then turns them into friends.

Someone like that would undoubtedly be extremely hard to find. Like True Father, a real one of a kind. He might even come with some baggage. But if God and True Father could find someone like that, they would surely work with him and raise him up. HMMM?

In 2016, 40 years after Nixon's term would have ended had he stayed in office, Donald Trump was elected President to almost everyone's total surprise.

Slide

He is leading America in a very different direction from that of his predecessor.

He is standing up for Israel. He is standing up against North Korean aggression. He is standing up for religious freedom.

And just as True Father did with Kim Il Sung, Trump is reaching out and embracing the President of North Korea.

Donald Trump embraces Kim Jong-un

And just as True Father did with Gorbachev, Trump is reaching out and embracing the President of Russia.

Donald Trump embraces Vladimir Putin

Remarkably, Trump sleeps 4 hours a night.

He is extraordinarily outspoken.

He loves to speak for hours, and to joke with his audiences extemporaneously.

I don't know about you, but he sure reminds me in many ways of Father.

Donald Trump with Roy Cohn

Trump's political mentor was Roy Cohn, who was Joe McCarthy's assistant and staunchly anti-communist.

Donald Trump with Rev. Norman Vincent Peale

His spiritual mentor was the Rev. Norman Vincent Peale, who wrote the worldwide best seller "The Power of Positive Thinking".

When Father helped his Japanese torturers escape Korea after WW2, he said that by loving them, Japan would ultimately be compelled to return to God's side.

When Father was convicted in his Tax trial, he offered no animosity, but only love towards his prosecutor, Martin Flumenbaum. He walked up to Flumenbaum, shook his hands, and actually congratulated him. I believe that by doing so, he set the condition for Giuliani, who authorized that prosecution, to come over to God's side.

Rudolph Giuliani with President Trump

And I believe that Giuliani, is filling the role which Father attempted to fulfill with Nixon – Giuliani is protecting Trump against impeachment.

Here's what Senator Hatch said about the Russian Investigation of Trump after reviewing the Inspector General's report:

Slide

“This is appalling, and the significance of these findings cannot be overstated. The report identifies missteps at every level of the Department of Justice – from our nation’s chief federal law enforcement officer to special agents in the field.”

Orrin Hatch – after reviewing the IG's report on the DOJ's and FBI's bias against Trump

Interesting ... That echoes what he said about True Father's tax case some 35 years earlier.

I mentioned how important numbers are to God. Check this out!

On his **FIRST FULL DAY** in office Donald Trump was **70 YEARS, 7 MONTHS** and **7 DAYS** old ! Donald Trump was born on June 14th, 1946. If you move ahead 70 years from that date, that brings you to June 14th, 2016. Moving forward another 7 months brings you to January 14th, 2017, and moving forward another 7 days brings you to **January 21st, 2017.**

**And this happened during year 5777 on the Hebrew calendar.**

Honestly People – you can't make this stuff up!!

So here we are. At one point during our reading, Claire Daugherty reported that she saw dark clouds ahead for America. And, in fact, we can all see them, in the horrible polarization of our country right now. If the providence fails, I believe that very polarization will rip this country apart. But God is continuing to work through the United States, despite the polarization which began to worsen 70 years ago.

We Americans can't heal our divide by ourselves. The heart and cause, and I believe, the solution, of all the divides in this world lie at the 38<sup>th</sup> parallel. I began this presentation, with True Parents' words. I'd like to reiterate what Mother said in 1992:

**Thus, the unification of the Korean peninsula is the key to world peace and unification.** Korean unification is not merely a political event or task. Korean unification holds providential and historical significance as an important step toward accomplishing God's final goal to bring about an ideal world. It is a three-dimensional task, involving the numerous spirit men who have passed through this physical world.

The Central Role of Women in the Ideal World  
Mrs. Hak Ja Han Moon, President, WFWP,  
August 23, 1992

God is working through America to accelerate reconciliation in Korea.

But reconciliation in Korea, in many ways, is just the BEGINNING of the story. It will remove the chokehold that Satan still has on mankind. But the world still needs to be healed and restored on every level.

True Father teaching early members

Throughout their lives, True Parents have laid the seeds for a whole new peace generation – to heal this world and to guide the world back to God's ideal.

At this time, I believe, that God has prepared an entire generation of remarkably talented people, who can help articulate and achieve True Parents' dream. And help you achieve your dreams as well. They are out there. They are SO prepared. They don't know it but they are looking for you. The entire spirit world is united and mobilized. True Parents have laid the foundation for great blessings to come in these 4 years between 2016, and 2020.

Before we pass on to the spirit world ourselves, we need to find our successors and connect them to True Parents. We need to harvest the fruits of True Parents' lives.

I personally received amazing gifts from God, 21 years ago, when I did the holy wine blessings at BWI airport.

I **will** complete my 430 couple blessings. I hope I can help some of you complete yours as well.
