INTERNATIONAL YOUTH ASSEMBLY

SA, APRIL 28TH, 2018

REGISTRATIONS OPEN!

Dear brothers & sisters,

We warmly invite you to attend the “Peace Starts With Me” International Youth Assembly, which will take place on the afternoon of **Saturday, April 28th** at the Wiener Stadthalle (Hall E), Vienna, Austria.

The purpose of this International Youth Assembly is to invite young people (**aged 13-40**) from across Europe and the Middle East to share their expertise and enthusiasm, creating a principled youth movement for peace. By inviting Unificationist activists and Youth Ambassadors for Peace to work together, we can amplify our impact, and also connect with the youth campaigns taking place around the rest of the world.

You will have the opportunity to share your passions at the **World Café Dialogue** – from Arts and Sports to Education and Faith – by connecting them to the concept of Peace in a very dynamic and energetic way. If you find the inspiration to moderate a topic of your interest, please drop us a message and we will make sure to get you involved (the complete list of topics is available in the **registration form**).

For this special occasion, **Dr. Sun Jin Moon** is invited as a key-note speaker, followed by the launch of the **Youth & Students for Peace** initiative.

We are looking forward to seeing you in Vienna and welcome you with special **entertainment** performances by singular artists across Europe.

Please make sure to reserve your place until **April 20th** (registrations are limited).

12:30 Doors open

13:30 Welcome & Program Opening

17:00 End of event, followed by networking

Kind regards,
Your International Youth Assembly team
