

Glorious Ascension, Michael Breslin!

All the best along your way, Mike!

We remember when you joined in Atlanta, Georgia, while Jack Hart was pioneering there in 1972. You had a question after hearing some of the Divine Principle. Before you had heard the conclusion, you asked, "Give me one reason why I should join the Unification Church!" Someone replied, "Reverend Moon is the Messiah!" That was all you needed to hear! You were the second person to join our Family in Atlanta.

Mike and his wife Jan Breslin have two sons and a daughter. For several years, Mike worked as a school principal in Hawaii. Last Christmas, Mike worked as Santa Claus.

Michael ascended on March 6, 2019, following nearly four months of serious illness.
