

2017 Global Rally for Peace and Unity with True Mother - November 11 in Korea

Dear Leaders, Brothers and Sisters,

As you know, we're in the midst of a 40-day condition to support the worldwide providence culminating in a historical gathering to solidify True Parents' role, centered on True Mother as the way to bring peace in Korea.

The '2017 Global Rally for Peace and Unity in the Korean Peninsula' will take place on Saturday, November 11, at 1:30 p.m. in the World Cup stadium in Seoul.

An ACLC delegation of 200 ministers will be visiting Korea again in support of this historical event. Dr. Kim, myself, and the National Ministry Team would like to invite anyone who wishes to travel to Korea and attend True Mother's special global rally, to join the American Family Federation delegation to Korea.

Below and in the following link, you can find the flyer with basic information on the event:

More details about suggested travel dates and other activities around the main event will be coming soon. Most likely the dates would be arrive in Korea by November 10 and depart Korea on November 14. There might be a small registration fee to cover costs in Korea, but in any case, everyone will be responsible for their own airfare.

In the next few days, we will send out the online registration for this trip with more information.

Thank you all, and I'm looking forward to seeing you in Korea,

Rev. Richard Buessing
