December 25, 2017

On December 25, True Mother shared her Christmas with FFWPU-USA's five new sub-regional directors as well as numerous Unificationists from around the world. In expressing their love for True Mother, the sub-regional directors performed songs by Elvis Presley, with Southwest Regional Director John Jackson acting as the famous singer. Other representatives from various countries also showed the beauty of their culture by performing for True Mother.

"This was an amazing trip to be with True Mother, in which we were showered with parental love – wise guidance, delightful celebrations," said Rev. Ernest Patton, the newly appointed Southeast Regional Director. "True Mother said that we must be bold and courageous because we are working to bring dramatically bigger results on the foundation of True Parents. The blessings of Heaven will pour out on those who sincerely work together with True Parents. This really empowers me as I take on greater responsibility."

Demian Dunkley, Northeast Regional Director, echoed Rev. Patton's sentiments: "Through True Mother's love, I experienced an awakening, a rebirth. I realized that more than anything else, this is the love that all humanity has been waiting for. She is God's most beautiful expression."
