Update on Las Vegas Autobiography Distribution Project

Joshua Cotter
March 30, 2011

Dear Brothers and Sisters,

We are very excited that the special project in Las Vegas to distribute 120,000 copies of True Father's Autobiography has taken a giant step forward thanks to the work of many American volunteers from around the nation!

Following is important instruction from our Nevada State Leader, Rev. Staffan Berg.

Sincerely,

Rev. Joshua Cotter
Executive Vice President

Dear Family,

Greetings from Las Vegas! Thank you for your great response to the 120,000 True Father's Autobiography distribution project. Many are contacting us to volunteer their time and resources.

Now that this project is well underway, I want to share a few practical points:

First, those who have demanding jobs (and other circumstances) and cannot come to Las Vegas may want to consider working interdependently for mutual benefit by sponsoring others!

This may be a good opportunity to support others, especially second-generation youth, to gain an invaluable experience working with new friends, sleeping on the floor, and distributing the books! It may also be a good time for first-generation adults to either come together as a parent-child team or to sponsor youth groups.

Second, volunteers often give out between one to three boxes of books per day (28 to 84 copies). It is important to not just go for speed-distribution, but to take time with each individual who receives the book and collect their contact information (telephone, e-mail, etc.) as a foundation for continued relationship and friendship.

Third, you can now use PayPal for financial donations. Each box of 28 copies of True Father's Autobiography is \$140.00 (donation of \$5.00 per book) and the full 430 copies is \$2,150.00. Donations for the books need to be received prior to distribution. Additional donations are also welcomed.
