Sincere Wishes Reaching to Heaven

The Fulfillment of Wishes Papers Prayer was held at 3 pm on the first day of the Purification Azalea Festival for the Inheritance of Heavenly Fortune.

The Fulfillment of Wishes Papers is held under the grace of True Parents and it acts as a road connecting to the Heavenly Parent and through untangling the various difficult spiritual connections it helps us to remove evil spirits. It also has the love of True Parents wishing for a greater health for the members of the unification church.

Rev. Buk Moon from the Japanese Office offered a prayer, 'We express our gratitude for leading us to this Special Great Works. Please recreate us through liberating resentful spirits and evil spirits that cause sickness and pain so that we could live our lives with true love.'

From 30 minutes before the prayer the Jeongshim Won was filled with members praying and offering conditions. It was a time to see the passionate hearts of the members that they have for this Purification Azalea Festival.

The Wish Papers that were offered were offered to the Holy Burning Platform during the Holy Burning Ceremony for Restoration and Wishes held on the 2nd day of the Purification Azalea Festival. The Fulfillment of Wishes Papers Prayer is only held during the Special Great Works and was also held on May 10.
