The students here receive many interests and love from the members. If that is the case then you must realize it and change your ways.

However, there were many things that could have changed as I lead this Chung Pyung Works and that is; 'If I have a positive and heart of gratitude then all will be done' and the mindset of 'Ownership'. Do you remember that I explained it to you so many times about 'ownership'? Then by now we should be an owner. However, you are still not an owner. To become an owner you must understand the Heart of the Heavenly Parent. You must understand the Heart of True Parents of Heaven, Earth and Humankind. That is how you can become an owner.

I received 3 years of education when I began the Chung Pyung Works. I was asked 'Do you now understand the Heart of the Heavenly Parent?' and I was educated until I did. It was a repetitive education. I was shown the difficult lifestyles of spirits who were in hell and I was asked 'Do you fear this? Or do you feel pain in your heart?' I feared for my life at the beginning but then that feeling disappeared and I started to feel sorry for them. Then that feeling changed into pain in my heart. This education was to help

me build up that Heart.

Then I was shown the lives of members and the lives of the people in the society and was then asked 'How do you feel after seeing them?' To tell you the truth, I was shocked to see the lives of the members and leaders but I was calm and thought, 'Why am I been asked to watch this scene?'

I was upset thinking, 'Why would people who know the principle, who have received the marriage blessing and that our beloved 2nd generations live like that?' I was continuously shown these scenes until I just wanted to turn and run away from there. At first I didn't know why I was shown this by heaven. However, after watching it many times I realized, 'How did the Heavenly Parent feel? What was the Heart of the True Parents of Heaven, Earth and Humankind, when they saw this?' and I shed tears. I felt, 'This is the responsibility that I am given to solve' and when I told the Heavenly Parent what I realized then that education stopped from then onwards.

At that time I was in the midst of preparing for the Chung Pyung Works and so whenever I was asked, 'How do you feel about this?' and I was never ready to give a proper answer. However, the Heavenly Parent shed so many tears in despair. I was shocked to see His sorrow. Then I started to cry with Him. I cried and was pulled inside the heart of the Heavenly Parent.

When I started the Chung Pyung Works in the beginning there were many patients. However, the heart of the Heavenly Parent was to heal everyone. It didn't matter if it was in the evening or early in the morning it would have taken up to 3-4 days to heal each person. I considered very carefully for each member who came. I kept the heart, 'the Heavenly Parent probably cried looking at that particular person. He was probably in much despair. He would have given so much love for even that person' and did my best from the lowest position. I did it with the heart of an owner and a parental heart.
