Hak Ja Han and Dae Mo Nim - October 26, 2014

Dr. Lek Thaveetermsakul (6000 Blessed Couple) witnessed to 450 couples for the first time in Unification History and fulfilled his mission as the New Tribal Messiah and received the 'True Parents Special Award' from True Parents during the Global Worship on October 26 held at the CheongShim Peace World Center.

How could a person witness to 450 couples and connect them to the blessing? This was shown by Dr. Lek and he had become the model for all the blessed families around the world for the victory of vision 2020.

Dr. Lek was invited by True Mother to attend the Autumn Chung Pyung Special Great Works held from October 24 – 26 with 350 couples.

To understand Chung Pyung Works and its Chanyang program the members first attended a workshop at Guri central training center on October 23 and listened to special lectures by Rev. Myeong-gwan Lee, Director, Planning and Education Department (former) and Mr. In-pyo Moon, Lecturer, International Office.

Rev. Lee gave a lecture about the providential meaning that Chung Pyung Holy Ground holds and the value of Cheon Jeong Gung Museum. The members listened carefully to the lectures and expressed their

respect to the amazing achievements of True Parents of Heaven, Earth and Humankind and were able to move to a deeper heartistic world through the understanding of Chung Pyung Works.

Then, Mr. Moon gave a lecture explaining the meaning and methods of Chanyang in a joyful exciting atmosphere.

'Rev. Chung-shik Yong, Special Emissary, Asia Continent, Benediction'

The newly witnessed blessed couples first accepted the new truth and went through the 3-day ceremony, stick of indemnity ceremony, and after going through the 40 day purification period.

Dr. Lek said, 'At the time we first wanted to educate the new members step by step through Divine Principle Lectures and then bring them to Chung Pyung to engraft on the world of Shim Jung but suddenly True Mother invited us to Chung Pyung and let us attend the Autumn Great Works. This made it possible for us to educate the new members at a faster rate.'

From the year 2006, Dr. Lek invested in witnessing to young university students and tried to look for good resources. Starting with Purification Rally and the True Family Rally they provided many workshops for the young generations which ignited to a fast foundation and eventually they were able to have around 100 university students.

Then at 2012 after the sudden Seonghwa of True Father he thought, 'I must quickly witness to 430 blessed couple' and then sent all the 100 university members back to their hometown to witness to their relatives and family. First they were able to bring 1,000 people back. One person was able to witness to 10 people.

Then after investing in more witnessing activities they were able to have 1318 blessed couples.

However, Dr. Lek thought that just attending the 'blessing' does not mean that they have become members so he then educated the members to go through the 3-day ceremony, stick indemnity ceremony, and the 40-day purification period. After this he was able to have 450 blessed couples.

Dr. Lek said, 'we have to become families who have completed this condition so that with confidence can we go out to the front line of the providence.' He then continued, 'After through deeper Divine Principle educations, I will bring them to Chung Pyung Holy Ground so that they could engraft onto the heart of True Parents of Heaven, Earth and Humankind and then come back to the frontline once again helping to expand the foundation and finally realize the building of Cheon Il Guk.'
