August 23, 2021

As CARP Las Vegas team started outreaching on UNLV [University of Las Vegas] campus from Monday, August 23rd. Even under extremely hot weather, this year's CARP members who are mostly very new to CARP activities courageously went out and introduced the Holy Community and the philosophy of Father and Mother Moon. One brother shared: "It was not an easy week. On Thursday when we were packing up to leave the campus, I was like 'wait, I want to continue talking to more students.' I was a little surprised by the change of my heart." They are planning for another semester packed with various events to introduce Divine Principle as well as a wonderful community of young adults here in Las Vegas.

On Thursday night, CARP hosted a Bon Voyage dinner for 3 brand new Unificationists who recently studied the Divine Principle and now joining the Generation Peace Academy (GPA) program. All CARP Las Vegas graduates came to help prepare a nice BBQ dinner and they all encouraged 3 brothers with laughter and a genuine heart of care.
