

CARP Las Vegas, NV Report - Going out to witness on campuses

Ken Doo
September 9, 2021

This was the 3rd week of CARP members going out to witness on campuses. While they keep up with their own school work, 7 CARP members managed to handle 10 appointments with guests to study Divine Principle just in the matter of three days. The temperature was over 100 degrees but the members never complained and demonstrated their love for Heavenly Parent and True Parents.

On Thursday, they held the very first in-person event Tribe Talk at UNLV Student Union building. With everyone's devotion, 11 new guests came and enjoyed conversations centering on the Principle. 6 CARP graduates came to support the event, which really created a great atmosphere.
