After visiting Kodiak, My wife and I visited the Joachim couple living in Pahrump. The Joachim couple, who lives about an hour from Las Vegas, always misses the community. However, even though they are alone in Pahrump for some difficult personal reasons, they do not forget the mission of the tribal messiah and diligently convey the will of True Parents to the people around them. Especially after visiting Kodiak, I learned something new that Joachim couple leaved about 18 years in Kodiak. So it seems that God showed this couple in my dreams then I visited them. I spent a short time with the Joachim couple, but it was a time to really feel God's blessing.
