Brothers and Sisters,

True Mother said that her final mission is to make a safe settlement of Cheon Il Guk. For the establishment of Cheon Il Guk, what we have to do is to share our love with those around us. The first priority in sharing that love is knowing about brothers and sisters and exchanging our heart (Shimjung). I would like to express my sincere gratitude to all of you who are continuously working for the settlement of Cheon Il Guk.

Our coffee together! We drew Mary last week and Sera this week! Amazing! But great fun.
