

Las Vegas Family Church: Sharing Love - The way to Heavenly Parent's Holy Community

True Mother said that her final mission is to make a safe settlement of Cheon Il Guk.

For the establishment of Cheon Il Guk, what we have to do is to share our love with those around us.

The first priority in sharing that love is knowing about brothers and sisters and exchanging our heart (Shimjung).

That's why I'm running a campaign to get to know each other, which is the most basic for the establishment of Cheon Il Guk culture.

Therefore, I would like to express my sincere gratitude to those who participate in this campaign.
