### In Search of Universal Principles that will bring unity, harmony and success for the True Family

- 1) I accept ALL of True Father's words spoken while on earth
- 2) I believe in True Parents' philosophical statement:- Forgive, Love & Unite
- 3) Only by ALL of the True Family succeeding will they truly become the True Family
- 4) I need to do more to pray for the True Family members
- 5) I accept that my opinion could be wrong
- 6) I search for God's viewpoint of each situation
- 7) I accept that God wants ALL the True Family to succeed
- 8) I accept that the evil, satanic forces in the spirit and physical worlds want MORE than anything to break apart and destroy the True Parents & the

True Family & the Blessed Families

- 9) I accept Godism, the head-wing philosophy for bringing true peace to heaven & earth
- 10) I accept that the earth should become ONE FAMILY UNDER GOD
- 11) If the True Parents or True Family fail then I should be aware of my responsibility
- 12) I am willing to sacrifice my opinion, my life on earth or my position if it will help the True Family bring success and fulfillment.
- 13) I will continue to search for Universal Principles that will heal the True Family & all Blessed Families
- 14) I will work to preserve the legacy of True Parents on the earth and in heaven
- 15) I accept that the Peaceful Unification of North & South Korea is one key to saving the world from destruction
- 16) I will treat ALL members blessed by True Parents with respect because they received the change of blood lineage to be in God's Family.
