

Breakout Sessions 1 & 2:

Developing a Seonghwa Culture

True Parents have removed so many elements of ignorance and fear that surround the end of our physical existence - death - and have opened up a new and glorious realm of liberation.

True Mother is calling us to develop a “Seonghwa Culture”.

In this session we want to look, with your help, at how to further our understanding and practice in this area throughout our European Communities.

- **What has your experience been of Seonghwa Ceremonies?**
- **Can you talk freely in your family about ‘Ascension’?**
- **Have you made a will yet?**
- **Does your nation or community have a Won Jeon for members?**
- **How well does your community support those who are bereaved?**

These and many other related questions will be talked about.

It is intended that these sessions will provide the basis for the establishment of a European Seonghwa Committee to assist Blessed Families in this area.

The sessions will be guided by David Hanna; we will have a short presentation, an on-the-spot questionnaire, some topics for discussion and feedback, and a whole lot more. Well, anyway...
