

Development Of New Environments - DONE 2020 Preliminary information

Julius Alexy and Patrick Hanna
May 23, 2020

Dear brothers and sisters,

Following the successful development of the DONE educational programme over the past 12 years, (2008 – present), we are happy to announce the 13th year of the DONE programme, beginning in October/November 2020.

The DONE programme is made up of 3 modules, and follows the schedule of the European academic year, this year beginning in October/November 2020 and ending in August 2021. On completion of each module, participants can then decide if they wish to sign up for the next one, with the aim of putting the training they received into practice and giving something back. The first 2 modules are the ‘core’ modules when participants will be as a DONE group together, and the final module involves joining other projects as DONE graduates.

DONE First Module provisional dates: between October and December 2020

DONE Second Module provisional dates: between February and May 2021

DONE Third Module provisional dates: July and/or August 2021

We will publish detailed information and open registrations by 31 May 2020 at the latest. You can always find up-to-date information at our website www.esgd.org.

Special note: We are constantly monitoring the situation related to travel restrictions and safety regulations related to COVID-19. Based on the recent situation and prognosis we are preparing the plan and are committed to run DONE 2020.

We wish you and your families many peaceful and hopeful moments despite the uncertainty we all face in this time.

Julius Alexy and Patrick Hanna on behalf of the ESGD team
