IRFF supports the project 'Hope for Children' in Congo D.R. They report:

We are very pleased to send you our report on the opening of the 2022-2023 school year. It was on August 31, 2022 that we received support from our partners IRFF UK and WCA with the aim of supporting children by providing them with School Supplies.

A total of 53 children benefited from school supplies including school bags, uniforms, notebooks, slates, pens, lates and pencils. All the children were very happy and satisfied with this precious support. the volunteers who have also led the efforts for the success of this project greatly congratulate all the private donors, IRFF UK and WCA for the assistance received.

We had realised an amount of \$931 which allowed us to buy these school supplies. Now all the 53 children are at school. Congratulations to everyone who contributed. This is a great success for the HFC Center.
Thanks a lot to IRFF UK to WCA and all the Volunteers.

Greetings and Much love from Congo D.R.

Ben and Volunteers.
