

## True Mother's \$30,000 scholarships delivered to Fervan Schools in Columbia

Dae Hee Hong  
April 9, 2019

On October 2018, our True Mother granted \$30,000 scholarships, and we delivered it through the Fervan College and Fervan Campestre School, a school that has stood out for its high level of education and social development, helping low-income families.

On April 9, 2019, in an emotional ceremony, we gave the scholarships to 30 students who were selected based on their academic effort or economic condition.

All those selected families were so happy and showed a great feeling of gratitude to True Mother.

The principle of the school, who is also an Ambassador of Peace, expressed her gratitude to True Mother and the HJ World Peace Foundation, who assured that this collaboration will reinforce and help so that each year more young people and families can ensure the fulfillment of their dreams.
