A sister on NHSI in Japan sent me this photo. I think a few people are missing, including her and my spiritual mother.

Text on the back of the photo

Dear Yoshihiro, Nov. 21-1975.
This was at one of our first
workshops in front of a hotel, which
was rented by the Jap. Family to have
workshops. It was close to Fuji Yama.
I have learned many things in
Japan and I will all keep them
and share them. Thank you for your
beautiful country. Let's work together
to bind East + West into oneness
under our true Parents.
