

## LV Family Church - Tribal Messiah DP and Blessing Education Program

Hope Igarashi  
June 16, 2016

On Thursday June 16, we had a very inspiring evening program, especially because the Gomez family attended. It was kind of a miracle because they were just invited a couple of nights ago!

All enjoyed the Chinese dinner and Rev. Compton's lecture. It was a very clear and concise presentation of love, Divine Principle, and True Fathers course. In conclusion he gave a dynamic explanation and invitation to the August 19<sup>th</sup> Blessing. These Thursday eve programs are getting better each week as Rev. Compton is on fire!

During the presentation the children were very well behaved as they decorated beautiful crafts with rhinestones, pearls and sea shells. Mr. and Mrs. Gomez plan to attend the Spanish Seminar at IPEC this Saturday. Mr. Gomez said he wants to invite his sister to it. Let us pray for them and guests planning to attend. The Igarashi's remain stunned at the power of God in going out witnessing. They remember how that particular evening they almost did not go door-to-door-- as they wanted to stay home to watch TV.

Special thanks to Rev. Doo, the Walton's and Mrs. Borneman who were very hospitable to the guests.
