The Delaware Family Church held the Special Grace and Holy Item Bequeathing Ceremony on Sunday, August 28. All items needed for both ceremonies arrived in time for assembling on Saturday. I felt the invisible hands of Heavenly Parent and anxious ancestors of the Delaware families help speed up the delivery and assembly process in order to have this historic ceremony in Delaware. During the ceremony, people seemed deeply moved by the loving spirit of Heavenly Parent.

After the Holy Wine Ceremony, we spent about 10 minutes for each family to create a circle and express deep gratitude, forgiveness, and words of love and care to each family member. At the end, three young adults sang renditions of several Holy Songs, which set a tone for sharing testimonies by participants. One person testified that his lifelong anger issue suddenly healed during the 40-day devotional condition prior to the event. Another young adult shared that his lifelong struggle of self-accusation suddenly disappeared when he heard a voice say to him, "Because of True Mother, many negative voices in your head will be gone forever." After sharing testimonies, everyone enjoyed potluck and fellowship.
