

## Professor Dr. Michael Mickler in London

William S. H. Haines

*UTS professor Dr. Michael Mickler gives a presentation at Lancaster Gate, London.*

Dr. Michael Mickler was able to take time from a busy overseas schedule in London, UK and discussed current goings on within the Unification Church with William Haines's Monday night learning group who benefited from being able to discuss current church politics in a neutral way. A great example of UTS professors linking up with UTS alumni and bringing their knowledge and expertise "on the road".
