

Sunday Service The Word – Source of Life and What comes after 13th January 2013

On Sunday 4th March 2012, a special Sunday service was held for which Jean-François Moulinet, regional leader of France, Belgium, Monaco and Luxembourg, and Philippe Jacques, national leader of Belgium both made the long journey to Luxembourg. Jean-François began with a very inspiring message, demonstrating how our regular practice of reading the word of our True Parents can lead to incredible results, even modern day miracles. Following this, thanks were expressed to Alexander and Anna Martija, who had held the position of national leaders of Luxembourg for the past 3 years. Frank, president of UPF Luxembourg, explained how Alex had supported him when he was national leader, a position he held for a long time, and gave a stirring testimony of Alex's efforts during the past few years, Then, Alan and Brigitte received their certificate of appointment from Jean-François. Afterwards, we all listened with bated breath as Philippe Jacques launched straight into his explanation of what comes after 13th January 2013, in which he explained that now is the time to substantially build the kingdom. We are particularly grateful to Michel, Tomoko and Denise who generously provided enough food to feed the multitude.
