

Public Demonstration

The Voice of the French People in Paris and Lyon

Paris and Lyon, France, 2. February 2014

Under a bright winter sun and blue sky, some of our members joined the demonstration of the “Manif pour tous” in **Paris** this Sunday against the new reforms of the family and the teaching of “gender theory” in primary school. The around 500.000 people in the streets were parents and children, grandparents as well as young people, all determined to preserve the traditional values of the family. Several members from the Paris area and also the North of France participated.

Finally, this immense peaceful manifestation pushed the government’s project of legalizing “medically assisted reproduction” and “surrogacy” for same-sex couples.
