

How to Inherit the True Love of True Parents

A fellowship meeting for members...

Chamarande Training Center, France, 14. – 17. August 2014

Around 50 1st and 2nd generation members of the Paris and Massy communities came together for a time of reflection and sharing, in parallel to the events of the 2nd anniversary of True Father's Seong Hwa in Korea.

The first day, Aug. 14th, there were already about 30 participants. Throughout the workshop some members helped in the kitchen and some CARP members formed a band that provided music and helped raise the atmosphere.

The morning lectures included talks on some key points of the Principle as well as internal guidance provided the Blessed Family Department.

Afternoons and evenings were also very constructive: walks to Chamarande castle where some did sport in the park and others took a guided tour of a very interesting exhibition at the castle; photographic workshops were held and in the evening we had games

or movies like "Conversations with God" and "Beyond" (Clint Eastwood) or exchanges ...

On August 17, Patrick JOUAN, who had just returned from Korea, came to bring a "grand finale" closing with a very inspiring report on the World Summit in Korea with our True Mother and members of the True Family. After a last meal together, little by little during the afternoon, everyone left with a feeling of having received something from our Heavenly Parent and the desire to have such workshops more often...

Despite some organizational problems, which will improve in future meetings, overall it was a happy and precious time

for all!
