

Cinema Weekend at Paris Education Centre - Paris, France

Jean Francois Moulinet

March 25, 2018

This weekend was animated by an Ambassador for Peace, Mr Lionel TARDIF, writer, filmmaker, theatre director, director of cultural center, organizer of film festivals, sacred music and two international symposiums on New Consciousness.

He chooses spiritual movies from different countries and it was on display from Friday evening until Sunday noon.

After each film, we had beautiful exchanges.

We had a final sharing after they received a gift for our Federations, given by Mrs. Tomiko Massey, Paris City leader's wife.

It was a great time of inspiration for all, guest and brothers and sisters attending.
