

# Global Campaign to Save Mongolia

## Statement

Defending the noble tradition of absolute faith, absolute love, and absolute obedience to True Parents upheld by the worldwide Unification Church, and denouncing the recent acts of rebellion against the True Parents of Heaven, Earth and Humankind carried out in Mongolia, as a member of the Global Campaign to Save Mongolia I declare the following:

1. We believe the True Parents to be the Savior of humankind, the Messiah, Returning Lord and King of Kings, and we attend them. We strictly adhere to the tradition of absolute faith, absolute love, and absolute obedience to the True Parents of Heaven, Earth and Humankind. Thus, we strongly condemn the deceptive acts of those who would betray them, those who talk about True Parents but do not believe in them or attend them in reality.

2. Since the beginning of the history of the Unification Movement, members throughout the world have been of one heart and body centering on True Parents. Thus, we cannot agree with any action that goes against True Parents' will, such as those being committed in Mongolia where people exert personal influence over members and conspire to create division worldwide.

3. We shall not remain indifferent to the current UCI executives' misuse of the public assets being disposed of without True Parents' approval. These assets were accumulated over a half century through the blood and tears of members worldwide. We strongly demand that UCI executives immediately return all public assets to their rightful owners, God and True Parents.

4. We shall participate in God and True Parents' providence centering on International President Hyung-jin Moon, who was appointed by True Parents as their heir and representative, and actively involve ourselves in the task facing the Global Campaign to Save Mongolia

Global Campaign to Save Mongolia

Bo Hi Pak, President

# Global Campaign to Save Mongolia

## Founding Purpose

We are proud members of the Unification Church, of which our True Parents are the center. God has endured throughout six thousand biblical years of history since the Fall of our first ancestors, yet He has invested everything during this time in order to save fallen human beings.

For the first time in those six thousand years, a perfected Messiah and Savior could come to the earth. When True Father was 16 years old by Korean counting, he received his call from Heaven, and for his entire life until the present, more than ninety years, he has invested his whole being. He has offered his life, without withholding even one drop of blood, for the sake of God's will.

True Parents are the representatives of the one-and-only God, and the King of Kings. True Parents' teachings are the Principle, they are God's voice. We are the faithful who have offered our whole lives to attend True Parents as the Messiah and to live a life of absolute faith, absolute love and absolute obedience. This has been the tradition of the Unification Church.

Recently, however, for the first time in the history of the Unification Church, a number of misguided people have defiled this tradition. They have sowed the seeds of disobedience by doing the unthinkable—rebellious against True Parents' words. This has occurred in the Unification Church in Mongolia. This rebellion destroys the tradition of the Unification Church and is now on the verge of spreading like a contagious disease. Unificationists worldwide should never tolerate such acts, nor can they remain indifferent.

In John 15:5, Jesus said, "I am the vine; you are the branches." For a branch to rebel against the vine and part from it is tantamount to death. We cannot idly watch this happen. This act began from the UCI executives, which is but a small group of people.

We cannot silently watch as the Mongolian church withers and dies. When True Father first went to the United States he said, "I came here as a firefighter to put out the fire in the United States."

Now it is our turn. We should become firefighters that douse the fire of rebellion that arises in the Mongolian church. That is part of our mission and duty to love and protect our brothers and sisters.

To this cause we are determined and resolutely stand. All the children of True Parents worldwide must become one in saving the Mongolian members and, further, the Mongolian church.

The anger in our hearts compels us to stand firm in the face of these rebellious groups and rise up to save our brothers and sisters in Mongolia.

God! True Parents of Heaven, Earth and Humankind!

Please bestow Your compassion and forgiveness on the Mongolian church and Mongolian members.

I agree with the above-stated founding purpose and duly sign my name:
