

True Mother's conditions are making North and South Korean Unity possible

Elio Roman

North Korea's Kim Jong-un and Moon Jae-in of South Korea meet April 27, 2018

The Unity between Kim and Moon has been achieved because of the conditions that True Mother has made to restore the elder son's birthright through rallies in America (MSG), and in Korea and Japan.

True Mother is further expanding the worldwide foundation through rallies in Senegal, Vienna and in Australia.

God works when unity is established.

Satan invades when there is mind and body disunity, Cain and Abel disunity, when one does not have a large enough foundation of spiritual children (objects) and when Subject and Object are not united, then a spiritual fence of protection cannot be erected, and Satan invades.

True Mother's rallies have established the conditions necessary for this Providential and historic meeting between Kim and Moon.

I believe True Mother is being totally guided by God and True Father.
