

Sunday Service and Leaders' Meeting Welcome Special Emissary Rev. Kwang-kee SA

Salons du Lys, Les Ulis, France, 28. – 29. June 2014

T rue Mother's Special Emissary Reverend Kwang-kee Sa arrived in France on June 28.

During his visit he was able to meet with several members that he knew from his time as European CARP leader and Continental Leader.

On Sunday June 29, he gave the Sunday Service in the morning. His main point was that we focus on Tribal Messiahship. He used Jacob as an example of someone who successfully accomplished Tribal Messiahship.

In the afternoon, a meeting was held at the French HQ where he could receive reports from a number of leaders and then he could share some guidance.

He returned to Germany on Monday June 30. His visit was appreciated by the members of the Paris region who could gather for the Sunday service. Hopefully he will be able to return and visit the communities far from Paris.
