OUR **LEADER'S** ACTIVITIES

DAY OF HOPE
TO OPEN AT
CARNEGIE HALL

New York has been successful in reserving the famous Carnegie Hall for the opening of the Day of Hope lecture tour. Our **Leader** announced his desire to have 1000 members present for the opening, including European, Japanese and U.S. national leaders and couples.

INTERNATIONAL
TEAMS TO

Forty European and 30 Japanese members will arrive within the next month. Many of them will be assigned to one of two task forces to prepare for the Day of Hope campaign. Coming from the various countries are:

Japan	30

On June 8th Our **Leader, Mother**, Mrs. Choi, Mr. David Kim and Daikan Onuki made an impromptu visit to Boston and to New Haven to visit mobile units and centers there. On June 9th they traveled to New Brunswick, N.J. and to Richmond, Va. Next on the list were Detroit, Chicago, Madison, Minneapolis, Iowa City and Denver all on June 13th and 14th! A number of the MU Commanders and State Representatives from western

states came to Denver to meet with Our Leader. We hope to be able to send copies of his talk at the Denver Center at a later time.

SENDOFF FOR PRES. KIM

On Wednesday, May 31st, President Kim departed Kennedy International Airport for Korea, his first visit there in six months. It is rumored that he had planned to leave quietly on May 30th but that Our Leader initiated a special day of sightseeing and a fitting sendoff on the 31st instead.

COLLEGE GRADUATES TO BELVEDERE FOR TRAINING

Approximately 20 members who are college graduates and are not presently on OWC mobile units, on Headquarters Staff or in SR positions will begin training at Belvedere next week. NEW MOBILE UNITS ON THE MOVE

Over 60 members from approximately 20 different states are now with their newly assigned mobile unit commanders in all parts of the country. Mr. David Kim says that the mobile units in each state are to be the "dynamic, attacking forces" while the SR and State Headquarters should be the center of stability in the state.

WASHINGTON FRONT LINE

FLOWER SELLING CAMPAIGN

The main focus of Washington Family activity over the past week has been a flower selling campaign with a goal of \$10,000. The mobile unit is participating in the campaign and members sell during the day as well as in the evening. At 5:30 p.m. members of the centers including the HSA and FLF staffs, gather in the Teahouse (temporarily serving as a florist shop) to pick up bright colored plastic buckets filled with carnations, glads and pompoms. They then board a van to their favorite shopping center, parking lot or residential area. Some healthy competition has been introduced with the promise of prizes for the winning individuals and centers. A daily news sheet entitled "Petal Pushers Progress" (!) put out by Harry Phillips, Campaign Manager, keeps everyone apprised of the status quo. Today's issue carried this item:

from PETAL PUSHERS PROGRESS

"Special recognition today goes to Isiah Poole who found himself all out of flowers on Monday night. Instead of just sitting back and waiting to get picked up, he went out and sold his bucket. Monsei, Isaiah!"
