Pennants, banner proclaim Nixon support Standing up for Nixon

Washington Post
A crowd estimated at between 8,000 and 10,000 persons, some of them waving red, white and blue pennants saying "Support Our President, God Loves Nixon," interrupted Mr. Nixon's brief speech with cheers and applause. Shouts of "We Want the President" came from the crowd after the speech ended.

We need your support...

Never before in the history of our nation has the need been more urgent to speak out in the name of God and in support of the Presidency. At this critical time, a visitor to our country has come forth with a powerful voice. The now famous "Watergate Statement" of Rev. Sun Myung Moon has appeared in the major papers of all 50 states. It is a voice crying in the wilderness to millions of Americans to turn back to God and unite in the spirit of love and forgiveness in order to heal the wounds inflicted upon our country by the tragedy of Watergate. Starting with the demonstration of over seven thousand in support of the President at the National Christmas Tree Lighting on December 14, 1973 and continuing through demonstrations in all 48 continental states, the Statement has become a central rallying point for Americans of all walks of life and political persuasions.

In Old Testament times, the prophet Nehemiah gathered the Jewish people together at the water gate of Jerusalem to read them the books of the Mosaic Law and unite the people around God's will in preparation for the coming Messiah. Associate Supreme Court Justice Harry Blackmun recently stated that our nation today cries out for another Nehemiah to clarify God's will for our times. It has become clear to scores of thousands that Rev. Moon's message of "national repentance, forgiveness, and love" is God's answer indeed.

You can help Rev. Moon's campaign to revitalize the American spirit in many ways:

- Write your congressman and senators expressing your feelings today.
- Let others know about our activities.
- Have your pastor read the "Watergate Statement" to his congregation.
- Contact your local NPFWC representative and volunteer your time for petitioning, demonstrations, prayer groups, and other activities.
- Contribute to our national campaign as generously as you possibly can.

With your help, the groundswell of support already building will sweep the nation and unite us under God and behind our President as never before.

As the Watergate Statement proclaims, "historically great people have proved their greatness not during normal situations but in crises." This is indeed a time of greatest challenge and greatest opportunity for America. With your help, and God's, we can breathe new life into our troubled and tired land.

The Almighty does have an answer. And His command at this crossroads in American history is Forgive, Love, and Unite!

THE TIMES-PICAYUNE (NEW ORLEANS, LA.)

Passers-by curious enough to check out what was going on in front of City Hall Monday got a healthy dose of a commodity which seems to be in short supply of late—support for President Nixon.

Chill of Faith

Jim Gavin, 25, and Susan Jacobson, 24, jumped into the frozen Red River at Fargo, N.D. yesterday as the temperature hovered at 10 below zero "to draw attention to the need to renew our faith in God and America," as Gavin put it.
