

Bay Area Family Church: Springtime is the time to make a fresh start in life

As spring time hits with full force we can also renew ourselves. I think springtime is one of the best times of year, isn't it? It's also one of the best times to make a fresh start in my life with a recommitment to the things that will bring Health and spiritual fulfillment.

Soon we will have the pastors summit in Los Angeles for a select few pastors who are ready to push forward with us in giving the blessing. Those who will attend will be equipped with everything they need to give the blessing in their own church and to invite their friends, other clergy. I am really excited about this and think it will be a new impetus to our ACLC out reach activities.

Church is back. Come on down. It is wonderful to be able to fellowship together again after one year of isolation. As more and more people getting vaccinated and have confidence to be able to get together it has been really wonderful to see brothers and sisters again. We welcome you when you're ready.

God Bless

Pastor Kevin
