Greetings, Brothers and Sisters,

May February 2023 be a month of blessing and growth for you and your family.

This week Dr. [Chung Sik] Yong mentioned that True Mother said that there are 3 major accomplishments that she must accomplish before she goes to the spirit world.

- 1) Proclaim Cheon Il Guk. Done.
- 2) Offer Cheon Won Gun. This she will do on May 5th. How wonderful if every family can make an offering to support True Mother in accomplishing this.
- 3) Unify Korea into Heavenly Unified Korea a nation of CIG. That is what we are working on and the USA can help with this tremendously through UPF, ACLC, WFWP, and other affiliated organizations.

I heard recently that Wollu WonBon, the original Principle written by True Father in the hut in Pusan, would be finally released in English. That will be exciting when it happens.

The ACCELERATE leadership training program will start next week and the cut-off date is next Wednesday. If you feel that you are a person who would like to participate then please contact your local pastor.

This weekend is a special one for L.A. Family Church. We will have the installation of Joshua and Takayo Holmes on Saturday evening. President Naokimi Ushiroda will be here to officiate that installation. I hope you can come and support these new pastors as L.A. Family Church enters a new phase.

God Bless,

Kevin and Masako Thompson
