

Thank you all for your devotion to all of these Providential activities

Brothers and sisters,

We have been through a very hectic period of Providential activities recently.

Culminating of course with True Mother's visit to Las Vegas and well over 1500 of our young people going there to attend the workshop with True Mother.

That came on top of the 40 clergy couples, who pledged to raise the flag of Family Federation in their churches.

We also had the rebirth workshop, centered upon President, Demian Dunkley, and then the visit of two Korean elders, sent by True Mother to help us connect with the current Providence.

Thank you all for your devotion to all of these activities.

God Bless,
Kevin & Masako Thompson
