

Help Mother proclaim the truth of God's Providence

Brothers and sisters,

True Mother spoke at the Leaders Assembly in Korea and also at the graduation celebration of UPA graduates and urged everyone to help her by proclaiming the truth of God's Providence at this age with the coming of True Parents and the Only Begotten Daughter.

The world must know the time that we live in and we should proudly speak up with spirit and truth.

Thank you for your ongoing dedication to the calling of God.

Blessings,

Kevin and Masako Thompson
