Day 1, Saturday March 18th: **Strengthening Families and Communities Forum**
10:30 a.m. to 2:30 p.m. eastern time.

Expert speakers share their knowledge

Forum premise: *To break the generational cycle of outside of wedlock birth, we need a revolution of abstinence-centered education. Parents should present the expectation of sexual abstinence before marriage to their children, regardless of whether or not they abstained themselves. They should think about what is best for their children's future and speak honestly about their own situation. In one generation this can break the cycle of outside of wedlock births, and all of the related personal and societal consequences. School and community-based programs, such as Urban Life Training, can back up parents in making this revolution.*

Speakers:

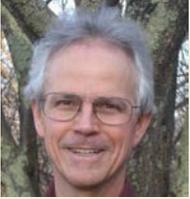

Patti Hidalgo Menders

Patti's greatest accomplishment is as a Loudoun Mom of Six Sons, a Daughter to parents who escaped communist Cuba and a Loudoun Advocate that continues to protect children from CRT and other progressive ideologies.

She is the Community Liaison Officer in Northern Virginia for the Office of the Virginia Attorney General, Jason Miyares.

She is the Founder/Director of the Loudoun Conservatives Care state PAC, which puts on events for conservatives and raises money for local charities, Republican Candidates, and Conservative organizations.

Richard Urban

Co-founder, [VisionRoot](#), [Urban Life Training](#) and [Urban Grocery](#). Richard has been teaching abstinence-centered curricula and organizing clubs for middle and high school youth in Washington DC and elsewhere since 2002.

Day 2, Sunday March 19th: **Exposition of the Divine Principle Study**

10:30 a.m. to 4:30 p.m. eastern time. Lunch is included.

Understand what God's will for your life is by studying the *Exposition of the Divine Principle*. This study includes God's Ideal for the Family, what went wrong and the Role of True Parents.

The *Exposition of the Divine Principle* is the new expression of truth that God has given to answer all questions about life and the universe. It was revealed through Reverend Sun Myung Moon.

The Principle addresses all of the crucial issues faced by society today, including family breakdown, the confusion of values and the existence of and nature of God.

The Divine Principle presents a Biblical worldview with new insights and understanding.

"The Bible says that humankind fell. So God must be liberated. Through the Fall, the sons and daughters, husband and wife, the nation, and even the world that was to be ours were forfeited at one stroke. True Parents must come, recover all things, children, families, nations, and the world, and return them all to God."

Rev. Sun Myung Moon, *Cheon Seong Gyeong* p. 263
