The athletics team of the Family Federation for World Peace and Unification (RUN 4 FFWPU) has travelled throughout Portugal to conquer brilliant results and fervently promoting the ideal of true families spreading the word and making publicity about our movement constantly on the ground and in places where True Parents' message and vision would not reach.

With over 250 thousand views on the official website and with 10 thousand followers on Facebook, we saw the perfect opportunity once again, as we did in previous years, to participate in the run.

One leg of the run is passing by our Peace Embassy, So we took the opportunity together with the Recreative Group of Tercena and the support of the Sports Division of the Municipality of Oeiras, to invite the Tercena Athletics Grand Prix to our Peace Embassy where they met our brothers and sisters, who have just finished their Sunday service.
