UPF Portugal received a recognition "Silver Shield" on behalf of the work that UPF International is doing for "Peace and for Family on Moral and Ethics Values".

The recommendation was made by one of our oldest Afp, Prof. Delmar Gonçalves, who is now the national secretary of this institution "Unión Hispanomundial de Escritores" or "World Hispanic Writers Union" (UHE-Portugal).

Thank you very much for this recognition that is of course recognizing our True Parents Global Work on Peace and Family Issues! ADJU!
