

Cheon Il Guk Youth Missionary USA is in Dominican Republic

Akira Watanabe
November 22, 2022

Hola! We are the missionary team in Republica Dominicana. We wanted to share some updates

The Dominican Republic is a country in which CIGYM, GPA and Heavenly USA have experienced and they were excited to welcome us. We have been working together with CARP in both Santo Domingo and Santiago. Right away we could experience a 2-day workshop at La Finca, a workshop location surrounded by the beautiful nature and mountains.

We did some witnessing in Santiago and this past Saturday, we experience our first Saturday event held by CARP. Lectures discussing the Fall of Man and holding discussions. It is a great experience for us, even through the language barrier, to share our thoughts and hear what others have to share. We are grateful for this exciting event.

Recently, we had the opportunity to meet Julia Moon and her daughter visiting the Dominican Republic. She shared with us about perseverance. It was encouraging to hear as we are experiencing our first few weeks here!
