Cheon Il Guk Missionaries (Thailand)

Our Thailand team has finally arrived back in the USA! After 30+ hours of traveling, they landed in San Francisco and debriefed and shared inspiring reports on their experience with the Bay Area community. During their final days in Thailand, they held a Holy Blessing Ceremony for the five couples they had witnessed to throughout their time in Thailand. They came together with the whole Surin community to celebrate a recommitment to their marriage, centered on true love and building God-centered families. On their final day in Thailand, they attended a Cheonbo workshop in Pak Chong. They had a beautiful conclusion to their mission by participating in Chanyang and being embraced by the whole community. They were sent off at the airport with many hugs, gifts, and tears. They are eager and excited to share their insights from this mission more deeply and are working to open the door for more young people to dedicate their mission time to Thailand in the future!

Heavenly USA

The final days of Heavenly USA's pioneering condition ended with the Atlanta team holding a DP workshop with the community, with three lectures from HUSA. The Harlem team finished meeting with more ministers and completed a 15-hour long drive to finally meet up with the other half. They spent the evening of that meeting day presenting to each other everything they did in their month apart. Quickly, they transitioned into a mini-workshop with Rev. Levy Daugherty and Dr. Lewis Burgess on the subject of the Original Mind. They delved deeper into what it is and how they can grow their sensitivity to the God within us.

This week, HUSA's "12 Days of Christmas" fundraising condition starts! Their theme is "See God's Love in Me to Give God's Love to Others," and each day is themed with a different quality of God for the teams to practice and center themselves on. With the intention of going overseas to Kenya after the break, HUSA is determined to raise funds, supplies, and their level of heart to make the most impact in this country.

First Years, Captains and Cheon Il Guk Missionaries

The first years, captains, and Cheon Il Guk Missionaries have just completed their third week of the Winter Competition! The internal goal of this condition is to know God's love for me to give God's love to others. During this condition, members will receive education about Heavenly Parent's heart of unconditional love and will work on applying it through fundraising. They have also started to do Divine Principle study and lecture practice during the day. This upcoming week is the last week of the Winter Competition, and afterward, they will come together to have a workshop to digest their experiences before heading home for Christmas.
