

ISYSP Thailand and GPA USA witness at Chiangmai University

Sutin Sribunplaeng
February 14, 2024

IAYSP Thailand with the partnership of Generation Peace Academy (GPA-USA) successfully conducted the IAYSP Thailand and GPA-USA collaboration program in Thailand with the purposes "Witnessing and The Filial Heart of Thailand Youth Project." We had 50 participants.

The IAYSP Thailand and GPA-USA conducted witnessing at Chiangmai University, Thailand on February 14, 2024, and prepared to conduct the 2 days seminar at Maetuenwittayakom School, Chiangmai, Thailand.

All the IAYSP Thailand and GPA-USA missionaries are really helping and doing hard work to make our Heavenly Parents and True Parents happy. Especially all Chiangmai center brothers and sisters, really happy and excited to welcome all the GPA-USA 2nd generation missionaries all the way from America.

After we did witnessing, we prepare for our 2 days seminar at Maetuenwittayakom School, giving the Pure Love lecture, keep their purity until marriage, having games to build relationships and teach them that we are one family under Heavenly Parents and True Parents even though we are from different countries and different cultures. Etc.

All the students at Maetuenwittayakom School enjoy and receive so much learning and inspiration from our IAYSP Thailand and GPA-USA brothers and sisters. It is because this is their first-time meeting youth from other countries, especially from America. We concluded our 2-day seminar with happy hearts and inspiration that we want to take action for the contribution to world peace and make a better world, especially young people who have a very important role in our society and in the future.

Thank you.
