GOD IS OUR FATHER

Young Oon Kim

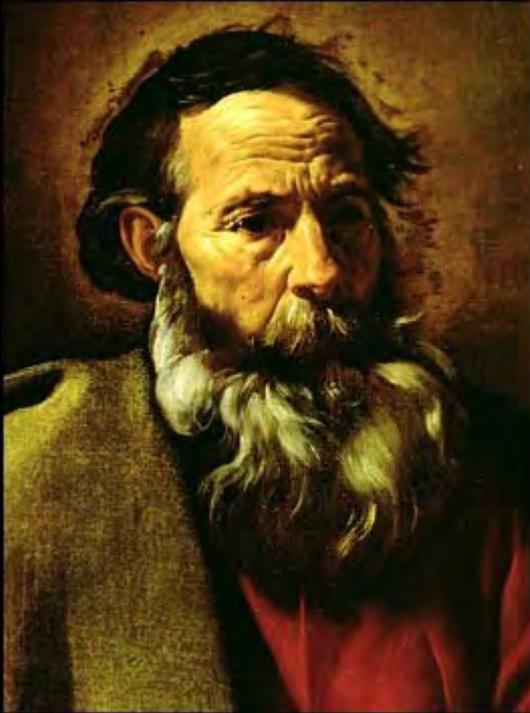

There are eleven historical religions in the world. These religions teach varied conceptions of deity. There are two religions which deny any deity, there are some polytheistic religions with many deities, and there are four monotheistic religions which recognize only one deity.

About 100 people from a Church here in Berkeley have been feeling spiritual force and speaking in tongues in their home prayer meetings. They are placing everything upon Jesus and have not received any revelation yet, but feel something.

All people seem to be sensing the spiritual force. I feel that soon and every soon God's power will sweep the earth at such a great force. All mankind will be caught up it. It will surely come upon like a theft in the night, because even though they sense and feel they do not understand. If we tell them they do not listen. Thus there seems to be no way for us but to suffer first. Now we know how our Father feels. We know why He worked so long and so slowly to restore the fallen creation.

*“Old Testament and the New Testament combined are not sufficient to live by in the New Cosmic Age we have ascended into.*

*To be saved, every man, woman and child must commence their mission before they leave this earth plane. And before they can do this they must find the reason for the original sin and what original sin is.*

*Perfection and resurrection can only be achieved through work and that work must be done in the body, the spirit of Truth demands it. “ /St Paul 1962*

## OCEAN CHURCH

In the United States the church owns fishing interests, which are for-profit businesses and pay taxes. The biggest are in Gloucester, Massachusetts, Alaska and Alabama. In Kodiak, Alaska the church "runs a fleet of fishing boats ... and is the largest private employer" in Kodiak.

## Quote TF:

- *Here is the meaning of the year 1978.  
Communism, begun in 1917, could maintain  
itself approximately 60 years and reach its peak.*
- *So 1978 is the border line and afterward communism  
will decline; in the 70th year it will be altogether ruined.*
- *This is true.*
- *Therefore, now is the time for people who are studying  
communism to abandon it.*

One evening last September, Bo Hi Pak... was kidnapped outside a Manhattan hotel. Blindfolded and handcuffed, Pak was driven 80 miles to a house in Slate Hill, N.Y., where his kidnapers tortured him with electric shocks.

Two days later, Pak's abductors ordered him to fly to Washington and transfer \$500,000 in church funds to a numbered bank account in Switzerland.

They threatened to harm Pak's wife and six children, who live in suburban Virginia, if the ransom was not paid. - link
