## ***Introduction***

- True Father (TF) has spoken about the importance of learning Korean language.

*Already 1979 when I joined that was a goal.*

- **Divine Principle** sais: “If man perfected himself without the fall and had realized the world of one great family resembling a human body with God as the head and all men as the members, there would have been no reason for many languages to have come about on the earth.

/DP 1973

- Those who speak different languages cannot communicate with each other. The confusion of human language came about because men's vertical relationship with God was cut off due to the fall.
- In order that the ideal world of one great family, under the Lord of the Second Advent as the True Parent, might be realized, all the languages of all nations must now be unified, according to the principle of restoration by indemnity, centring on the heavenly tower, and exalt the will of God. In this way, the whole of mankind will become one people speaking one language, thus establishing one world of one culture.

Similarly, the lower blue section symbolizes, the "negative" cosmic forces **yin**.

The two forces together embody the concept

3. Unification of Mankind and the World = Eternal Peace

The Unification flag is red and white.

Red colour symbolizes Power, Energy and Positivity.
