Introduction

Christians often ask why God does not speak to them, as he is believed to have done in former days.

When I hear such questions, it always makes me think of the rabbi who was asked how it could be that God often showed himself to people in the olden days whereas nowadays nobody ever sees him.

The rabbi replied:

"Nowadays there is no longer anybody who can bow low enough."

(be humble enough to let God speak)

This answer hits the nail on the head.
We are so captivated by and entangled in
our subjective consciousness that we have
forgotten the age-old fact that
God speaks chiefly through dreams and visions.

The Buddhist discards the world of unconscious fantasies
as useless illusions;
the Christian puts his Church and his Bible between himself
and his unconscious;
and the rational intellectual does not yet know that
his consciousness is not his total psyche.

Introduction

Where is the spirit world?

It is in your bodies.

Thus, you go around with the spirit world on your shoulders, attending it – there is **no escaping it**.

The spirit world exists. It exists for this world, and this world exists for the sake of the eternal world.

People may question, “Where in the world is God?

Can there be a God in this world? Where on earth is the spirit world?” God’s dwelling place is the spirit world.

Introduction

The purpose of life on earth is mind-body perfection

What is the purpose of the Will? It is to perfect humankind spiritually and physically. Individually, our spirit represents the past and our body the present. Both worlds were invaded.

We are to conquer the present satanic world physically and the past satanic world spiritually. When you triumph over both past and present by upholding the standard of mind over matter, your future will be blessed.

/SMM 4 Aug 1974

Introduction

We need to know that it is the physical world, not the spirit world, which is the subject.

The physical world, not the spirit world, is the subject in achieving perfection.

The perfection of the physical world encompasses the perfection of both the spiritual and physical worlds.

Thus, life on earth is precious.

My only concern is that the spirit world is such that once you go you can never come back here. Once you have gone there, you cannot return.

In that world, if you come to know things about cleaning your spirit and then try to resolve your issues, it will take billions of years.

In that place **there is no way to clean up such things.**

In this physical world, however, there are many difficulties and ups and downs, aren't there?

Even in one day you encounter a variety of troubles, and the more troubles you meet, the more skin you can shed, like a snake.

On the other hand, in the next world, the spirit world, though there is the stimulus of love, there is no indemnity that can rid you of your sins, so it takes countless eons to do that. /SMM 1993.01.03

Why don't human beings, who are the lords of all creation, have wings?

Is it enough that people live limited to the earth?

Actually we have higher-dimensional wings.

Once you die and shed your physical body, you will fly.

/ Sun Myung Moon

Angels and spirits... may be apparently translated from one place to another, and from one earth to another, even to earths which are at the end of the universe: so likewise may man as to his spirit, his body still remaining in its own place. /Emanuel Swedenborg

Why is it important to know about the Laws of Spiritual World!

”The internal character is invisible to the physical senses and yet it is responsible for the behavior of the external reality that is observed, directly or indirectly, by humans.

The implication of this is that the invisible inner world of creation is causal and therefore more important than the world known to human senses.

Yet little is known about the internal, spiritual, dimension of reality.

This is due, in part, to the fact that it is a realm intangible to the five senses of the body and beyond the reach of scientific instruments; consequently its study has remained the province of religion, which is the object of considerable skepticism in the modern, scientific world.”

Since the body is needed to provide vitality elements for growth of the spirit, the growing process to spiritual maturity is to be carried out on earth.

Men and women who do not reach the completion stage on earth have to continue their efforts to grow as disembodied spirits.

This is unimaginably more difficult than growing while on earth, since on earth an individual has a body to give vitality elements to his spirit directly.

Once detached from his or her body, a person can gain the benefit of vitality elements only indirectly, by serving men and women still on earth.

Introduction

For the last twenty years I have immersed myself in the many books of prophecy found in Korea. These books of prophecy, some thirty in number, appeared five hundred to one thousand years ago.

In a sense it is not an exaggeration to call Korea a nation of prophecies.

Often called secret communications, prophecies have their human authors.

Nonetheless, as we delve more and more deeply into these texts, we come to realize that they are not created through individual decisions.

Rather, they are messages revealing the plans of the Creator, transmitted to the earth through living human beings.

In this book, I have selected seven major prophecies and treated as concisely as possible those parts relating directly to Korea and Japan.

This is a perilous time of great change on the earth, a time unprecedented since the universe came to be. At this time I pray deeply that we will avoid the path of death and find the path of life, entering into Heaven on earth and coming into the realm of protection of the heavenly God/Buddha.

Who is he? Is he not the Reverend Sun Myung Moon,

All secret messages and prophecies are meant to testify

secret.

He came up with his idea for alternating current (AC) in a vision he received while watching a sunset in a park in Budapest.

Another example of one of his prophetic ideas was his realization that matter and energy were interchangeable, an inspiration he received years before Einstein demonstrated the same idea with his Theory of Relativity.

He is a person some would describe as “spiritually open.”

Nikola Tesla

I feel an affinity for Tesla because I believe he was a mystic who was being inspired by the spirit world.

In my view, many great scientific inventions have come as revelations from heaven.

I believe that heaven was working through Tesla, and others like him, to advance God’s Providence.

Tesla was very idealistic and hoped that his inventions would be used for the benefit of all humanity.

Wilson van Dusen M.D.:

Present day psychosis always involves some degree of self pride (spiritual madness) but the hallucinated aspect looks most like what Swedenborg described under the general headings of obsessions (to be caught in false ideas) and possession to have alien spirits acting into one's thought, feelings, or even into one's own bodily acts.

van Dusen M.D

He indicates that normally there is a barrier between these spiritual entities and man's own consciousness.

He also makes quite clear that if this barrier of awareness were penetrated the man would be in grave danger for his mental health and even for his life.

van Dusen M.D

In my dialogues with (mental) patients I learned of two orders of experience, borrowing from the voices themselves, called the higher and the lower order.

Lower order voices are as though one is dealing with drunken bums at a bar who like to tease and torment just for the fun of it.

They will suggest lewd acts and then scold the patient for considering them. They find a weak point of conscience and work on it interteasing him for three years over a ten-cent debt he had already paid.

van Dusen M.D

Swedenborg indicates that good spirits have some degree of control over the evil ones.
Higher order hallucinations have made the same comment — that they can control lower order ones, but it is seldom to the degree the patient would desire.

In some respects they overcome the evil insofar as the patient identifies with them.

A discovery four years ago helped me to get a relatively rich and consistent picture of the patients' experience. Though I noticed similarities with Swedenborg's description of the relationships of man to spirits it was only three years after all the major findings on hallucinations had been made that the striking similarity between what Twentieth-Century patients describe and Swedenborg's Eighteenth-Century accounts became apparent to me.

I Am in This Place

Testimonies about
Jesus & Sun Myung Moon

One day I was meditating in the early morning under a fig tree, and I received a message: The messiah is on the earth: return to America.

I felt to my core that this was true. But I did not want to return to America, and struggled a whole lot about leaving my idyllic life in Spain. I did not respond right away, and misfortune began to find me. I got the message real quick that I was no longer in the right place at the right time!

I returned to America on July 4th, 1969. I returned to hospital work, and only a few weeks later, on August 15th, I was taken by my friend to the Unified Family center to hear the Divine Principle revelation. By this time, I was very desperate to know how I could give my life to God in service. I was reading Page eight books on different religions, searching for where our messiah was. I asked Jesus to guide me d a i l y.

When I heard the Divine Principle, I recognized many points from the revelations I had personally received. I was amazed and honored to be guided to this small group of young people like myself, who wanted to transform the world into one family for God.

On September 9, 1969, I moved into the Berkeley, California church center and began my life as a missionary.

/ PAMELA STEIN

Father Moon is famous among his followers for educating us by appearing spiritually through dreams. Here is an example of how Reverend Moon taught me a valuable spiritual lesson in an area very close to his heart. As a fulltime missionary in Northern California I once had a dream that Father Moon visited me at an office where, in my dream, I was working.

When I arrived at my workplace and my co-workers realized that I was accompanied by Reverend Moon, they began to ask me all about him and why he was visiting our office.

As I became enthralled in explaining all about Reverend Moon to them, he turned to me and said, “I am going up to your office; I’ll meet you there.”

About fifteen minutes later, I arrived at my office only to discover that Father Moon had already left.

As I approached my desk, I noticed that he had taken the fresh fruit which was on my desk and fed it through the fax machine.

Of course, I thought that it was very odd that he would do such a thing. I picked up the fax paper on which appeared an image of the fruit.

Below the image he had written the following:

“Having your nation overtaken by Communism is like having this beautiful fresh fruit reduced to a flat one-dimensional grey image such as you see on this paper.” !

Bret Moss joined the Unification movement in 1990 in Berkeley, California.

/Bret Moss

While I was sleeping, I had a dream.

*At a moment, I felt a presence leaning over me.
I saw our True Mother's face, and with her hand,
extremely softly, she lifted away from me the heavy
burden that blocked my chest.*

*I felt very light over my chest and started breathing
properly again.*

Then I found myself walking in a dark corridor, at the end of which I saw a light. Getting closer, I saw in that bright light the face of Jesus. Then Jesus' face changed into Sun Myung Moon's face. I had the strong feeling that it was the same heart; only the external appearance changed.

I felt profoundly happy!

After that, along with the loving prayers of my brothers and sisters, in only three days I recovered completely and was outside again on the mission! This remains in my heart as extremely precious evidence that our True Parents embody God's love.

My 36 Years in Unfication Church
Shirley Stadelhofer
2006

I was introduced to the Unification Movement through my second son, David, who joined in 1969 when he was only twenty years old.

My first study of the revelation of Rev. Sun Myung Moon was from a small book, titled Divine Principle and Its Application by Dr. Young Oon Kim, which my son offered to me.

While reading it, I became so furious with what I believed to be theological deviations from my confirmed beliefs that I actually threw the book across the room in a sudden burst of anger. Later, I received a sense of quieting, spiritual calm and told my son that I wished to study the teachings further.

To his astonishment, I also wanted to become a member of the movement!

Since then, over thirty-six years have elapsed and my life in the Unification Movement has been the most fulfilling and spiritually rewarding experience I have ever had.

Yet out of that kind of struggle I came to know the greatest fulfillment and joy in my entire life—the closest relationship to God that I have ever known.

I now have a deep, personal conviction that I have discovered the answers to the most basic questions about the universe and my purpose in life.

And now I feel that it is crucial for me to offer this to others.

Rev. Moon has often compared the process of the life and death of humans to the process of a caterpillar becoming a butterfly.

If we imagine that the caterpillar has consciousness, as humans do, then it might be afraid of becoming a cocoon, because this could seem like the end of its life. It could be attached to its life as a creature in the earth, just as we are attached to our physical bodies.

But the caterpillar does not know that there is another new existence after its “death” in a cocoon, where as a beautiful butterfly it will be enjoying a new life among fragrant flowers and sweet honey.

Rev. Moon has taught that it is much better and wiser to fulfil God's will while we are in our own physical bodies on earth.

The reason?

It takes much longer and much more effort to achieve resurrection of our spirit selves in the spiritual realm than when we are on earth and in the driver's seat, so to speak, of our own physical lives.

A True Story

Twin girls, Brielle and Kyrie, were born 12 weeks ahead of their due date. Needing intensive care, they were placed in separate incubators.

Kyrie began to gain weight and her health stabilized.

But Brielle, born only 2 lbs, had trouble breathing, heart problems and other complications.

She was not expected to live.

Their nurse did everything she could to make Brielle's health better, but nothing she did was helping her.

With nothing else to do, their nurse went against hospital policy and decided to place both babies in the same incubator.

She left the twin girls to sleep and when she returned she found a sight she could not believe.

She called all the nurses and doctors and this is what they saw (refer to the picture above).

As Brielle got closer to her sister, Kyrie put her small little arm around her, as if to hug and support her sister.

From that moment on, Brielle's breathing and heart rate stabilized and her health became normal.

From then on, they decided to keep both babies together, because when they were together they kept each other alive.

And today (2011) they are 15 years old.

It seems as though our five senses limit us to focus only on one point in time at any given moment, and we string these to create an illusion of linear reality,

Our physicality also limits our perception of the space around us, confining us to only what our eyes and ears can see and hear or to what we can touch, smell, or taste.

However, without the limitations of my (physical) body, I took in all points of time and space as they pertained to me, all at once.

Divine Principle states that,

”when spirits descend to form a common base with us they can perform various works...

From pouring spiritual fire on earthly people and healing diseases to guiding people through revelations and the gift of prophecy, the power is in our spirit.

And yet, with a near complete lack of awareness and understanding on our part of the spiritual reality of life after death, we seem to find the path of life so uncertain that these “gifts” of the spirit appear to belong to only the gifted few....

New publication, by Jennifer Tanabe.

Eternal Life in the Spirit World, which I co-authored with the late Dr. Dietrich Seidel, discusses what we know about the spiritual realm starting with the thoughts of the Greek philosophers, Plato and Aristotle, and their influence on contemporary understanding.

We continue with more recent sources, including Rev. Sun Myung Moon and Dr. Sang Hun Lee, as well as reports from those who had near-death experiences, which all serve to make the spiritual realm seem much more substantial. - [link](#)
