July 10, 2015

**FFWPU Taiwan:** From July 3 to 10 Taiwan held Peace Road for eight days. The day before it began, the Peace Road team gathered at the Kaohsiung Church and got ready for the cycling tour of the entire country, which covered 1,000 kilometers. For the tour, including 2 students, 14 people participate. During the cycling tour of the entire country, they explained the significance and the vision of Peace Road to a former Donggang mayor, a temple abbot and to many other people.

Significantly, in the meantime there were three typhoons moving toward Taiwan. The government even issued a typhoon warning on land but it finally didn't enter Taiwan. They could safely end the Peace Road tour.
