

## 1st Anniversary of Foundation Day

### Vienna

On 16th of February 2014 the Vienna Community gathered to celebrate the 1st Anniversary of Foundation Day. One of the main programs was a presentation of the “Pure Love Department” of the Sun Moon University in Korea by five Korean students who are on a tour in Europe. Their presentation was appreciated by all.

Then we watched part of the video which showed the events in Korea.

Afterwards those 2<sup>nd</sup> gen members who had been blessed in Korea and who were back already gave moving testimonies about their experiences at the Blessing.
