

First Heavenly Tribal Messiah Department Austria Meeting

January 10, 2023

We had our first Heavenly Tribal Messiah Meeting in Austria with the EUME Department Director, Manfred Mayr. Manfred gave a PowerPoint Presentation about the Spiritual Foundation of the HTM Department and the Vision of True Parents expressed through True Mother.

After a short Q and A, Hans Rechberger shared his experience living in the last 20 years in the town of Parndorf/Burgenland. His honest, practical, and detailed Testimony was impressive and moved our hearts to see how consistent investment could bring a deep personal connection to the local people.

The founding of a Nordic walking club and, recently, UPF as an officially registered association was an essential step in his public work with his family. In 2020 UPF Burgenland had several very successful events, and in 2023 a few are concretely planned. After a short Q and A, Elisabeth Cook concluded with a heartfelt prayer.

About 40 connections were in our meeting, with about 50 participants.

Thank you.
